BRYAN NEEDS FUNDS FOR DIPLOMATS

Washington, Sept. 5. Secretary Bryan today asked congress for an appropriation of \$1,000,000 to meet extra expenses of the diplomatic and consular service in caring for the interests of the warring nations of Europe at various capitals where they have been placed in course of the United States.

KING ALBERT WOUNDED

London, England, Sept. 5.—A newspaper agency dispatch from Antwerp via Amsterdam, says that King Albert of Belgium was slightly wounded in the hand by fragments of a shell while leading the Belgian army.

"I think it is quite possible," he replied. "Wilson introduced morality into statesmanship and the time is at hand when the people will turn to the man who realises that there is not much morality to be gained from fighting."

WAR PACT IS SIGNED BY ALLIES TO FIGHT UNTIL THE VERY END

London, Sept. 5.—The war will continue to the bitter end. None of the three great nation allies will conclude peace on an individual basis. This was decided today and Sir Edward Grey and the French and Russian ambassadors, signed an agreement to that effect. Heretofore the allies were bound together only by their treaties and so far as England was concerned did not provide for any offensive or defensive agreement. It would have been possible for any of these nations to make peace with Germany on its own account.

It is believed that this agreement will permit France and England to have a final say in any agreement should the Germans be crushed.

It was suggested that Russia might demand that Austria-Hungary be turned over to her, but that after the war, New York will be possible for England trading with France, on one hand, and Russia to agree on terms that will not disturb Europe. Even if France should be conquered by the Germans it would be impossible for the French to negotiate with Germany on an individual basis.

RUSSIANS BOAST OF SITUATION

London, Eng., Sept. 5.—A dispatch to the Exchange Telegraph Co. from Rome contains a message from Petrograd in which a high Russian military official is quoted as follows:

"When the war began Austria was our most serious enemy because, except for

four army corps sent against Servia, her entire army was directed against us. Now that Servia has annihilated four army corps and we have decisively defeated 200,000 Austrians, 10 Russian army corps are sufficient to hold the Austrians in check, leaving us 20 corps free to launch against Germany."

BENGALESE ENROUTE TO THE FRONT

war have crossed Canada since last Sunday. A total of 75 train loads will pass through Winnipeg for trans-shipment at Quebec before the troops' movement is completed according to plan and during a week ending Wednesday. They reported there has been almost a constant load of troops and trains crossing the main. Winnipeg has rumors that a Russian force is to be moved across Canada to the war zone. Likewise a force of Austrians and New Zealanders.

GRAND ASSAULT ON PARIS BY GERMANS IS EXPERT PREDICTION

LONDON, Eng., Sept. 5. The English public, hungry for news of the operations of the allies' armies in the western theatre of war had to content itself today with the brief official communications issued from Paris and Bordeaux. These only whetted the appetite.

Military experts believe the Germans are preparing for a grand assault upon Paris in the hope of breaking down the defenses of the capital. This is because the investment of Paris while the huge mobile army of the allies is action the city, would not appear to be a logical part of the swift German campaign. News of the withdrawal of the German troops to credit the Russian frontier is not generally credited here because, with their

supreme effort in the west is a primary object the Germans are hardly likely to make their objectives.

News from Northern Russian indicates that the Russian troops are recovering from the confusion punishment inflicted upon them by the German invaders and are restoring their activities.

The German war office, on the other hand, is not so sanguine and the German victory in the east, based on several of the papers of the day, can only be that only ten Russian army corps are needed to keep Asiatics in check.

If Barr-Gill's report already has been more or less discredited in London, is the war office so naïveté to convey the impression to the public that the capture of the French capital would only be the prelude of the war?

Germans Are To Pen Belgians In Forts, Antwerp Believes

It is believed a movement is in progress designed to pen the Belgian forces inside the Belgian fort.

REVERSES ARE
ADMITTED BY
AUSTRIANS

Staff recently moved from Brussels to Bonn is now declared "to have been drafted to an inner-fronted post—a safe French territory. This is said to indicate that the German movement is now nearing the capital.

According to reports the German emperor has named two reserve officers to proceed to Berlin to attend to the hygiene of the war has increased in various provinces and cities.

There is every indication in the report that Paris is about to launch a military expedition.

Victor, Air Force Major, Nelson, reveals that the great Austrian army are meeting and admitted by the war office here today.

The failure of Gen. Fourn's army to maintain the line of communication into Russian Poland is another grave need respectable. German reinforcements reached the scene too late to be of service saving the day. It is stated that additional German troops are enroute and that the attack will be renewed soon.

New York, Sept. 2. A party of 14 young women of Wesleyan College, two teachers and four non-student nurses in Italy, at the beginning of the European war, reached New York today aboard the Italian ship, *Giuseppe Garibaldi* from Genoa. The ship carried no passengers according to regulations but the others gave up their cabins to 10 women. Among the party were Helen T. Harden of Wellesboro, W. Va.,

GERMAN ARMY CORPS TO AID AUSTRIANS

Paris, France, Sept. 5 Five German army corps late arrived at the Vistula River, according to the Rencé correspondent of the Paris Natin. The corps are mostly from Belgium and the north of France, the correspondent says, and were brought up to oppose the advances of the Russians.

DERBY DAY IN AMERICA

England has her Derby Day. Why not America?

The great English Derby Day is a Horse Race. So we'll make the great American Derby Day a Hat Race.

All the haters in this city in solemn conference assembled have decided that

Next Saturday, September 12th

Will be American Derby Day.

Let us all help them. Let us make it a day that will long be felt. (Fun accidental.)

On next Saturday let us all start with our new stuff or our new felt hat for Fall.

It will help us to get the easy going summer out of our system and to start the new season with more vigor.

Our Straw Hats are frayed and our other Summer Hats are soiled anyway. We need a new start. The average man would wear his Straw Hat until the snow landed on it, if he weren't bothered with ridicule at the end of the season.

Hence the word has come out that next Saturday will be Derby Day and Felt Hat Day all over America. All the stores are ready for us. Their stocks are all in. They will have their windows dressed and their salesmen prepared. All Straw Hats appearing on the street after next Saturday will be shot at sunrise. Mark the date well and prepare yourself accordingly.

Remember—the Great American Derby and Felt Hat Day—
Next Saturday, September 12th.

Modern Woodmen Had Fine Meeting

Portsmouth, Aug. 30. Moderning winter, Woodmen of America, with Van, Clerk L. A. Zucker, came for a visit with his aged mother at Ludoga, Ind., will arrive home tonight and will be in great shape to wage an aggressive campaign at the first Christian church Sunday. He will teach the big adult Bible class at Sunday school and writes that he is in fine fettle and primed for the affair. The Sunday school is now putting up in attendance and it is hoped to surpass the 700 mark tomorrow, as vacation days are principally at an end and every member should be in the school bigger and better than ever. In fact, steps are now under way that will doubtless lead the school to surpass their high water mark in attendance, which on the rally day not so very long ago reached the huge number of 1800. Superintendent Howard says that record can be broken, and the members have a whole lot of faith in what the progressive superintendent has to say.
